Benefiting, young Lupus warriors in our community

What is BBB & why Become a Sponsor? Denise Brown is a fundraiser, volunteer, but a mother first. For the past 5 years, Denise has organized Brooke's Butterfly Bash Foundation, a non-profit to benefit children and families in our community that are battling Lupus, partnered with the Lupus Foundation, Florida Chapter and Tampa General Hospital Foundation. Denise's passion for this cause is her way of keeping her daughter, Brooke Brown's, legacy. Brooke lost her battle to Lupus in October 2017. She was just 18. Brooke's illness over the years defined her purpose of helping children by wanting to become a pediatric nurse. Denise now makes sure she is seeing Brooke's purpose through. Denise's goal is to prevent another child from suffering, like Brooke.

Denise's inclusion of Tampa General Hospital as a beneficiary is to provide families suffering from lupus with financial assistance as they navigate their health journey. Funds can cover expenses needed, pharmaceutical costs and equipment needed to aid in the patient's personal treatment. Her partnership with LFOA helps provide funds for research to better children's medications.

In closing, Brooke chose three words to describe herself when writing her college bound essay in 2016. These words were *strength*, *convalescent* and *purposefulness*. TGH Foundation and LFOA/ FL chapter are honored to be a part of Brooke's three amazing attributes, carried out by Denise, and her amazing efforts to transform grief into support for others.
